

Anton

Stainless Steel

Anton is a delicate yet surprisingly sturdy architectural wire mesh, featuring a lite-duty twin-wire design that offers both elegance and strength. The pattern, based on the Lock Crimp tool design, ensures that each twin wire sits securely in its own pocket when woven, resulting in a tight and durable weave despite the smaller wire diameters used for the spacing.

Available Finishes

Antique Brass

Satin Brass

Black Copper

Champagne Bronze

Mesh Material	Stainless Steel, Mild Steel, Bronze, Brass	Product Code	Anton Stainless Steel
