WOVENPANEL®
REDEFINE THE ORDINARY

RIGID

RIGID

Leyton

Stainless Steel

Leyton is a striking architectural wire mesh that combines strength with a refined design. Featuring a mid-scale twin-wire intercrimp weave, this pattern is defined by double wires in both directions, slightly heavier than typical, giving it a substantial and commanding presence. Its robust construction and balanced symmetry make it an ideal choice for projects that require both durability and aesthetic appeal.

Available Finishes

Antique Brass

Satin Brass

Black Copper

Stainless Steel

Mesh Material	Stainless Steel, Bronze, Brass, Pre-Galvanized
Mesh Shape	Square
Mesh Size	Mid-Fill
Mesh Type	Woven Mesh
Usage	Interior/Exterior
